

# NAVAL CADETS WILL VISIT GRIMSBY

## Grimsby Independent

VOL. LVIII—No. 47

Grimsby, Ontario, Thursday, June 3rd, 1943.

\$2.00 Per Year, \$2.50 In U.S.A., 5c Per Copy

### Grimsby Will Have Blood Donor Clinic

Next Clinic Will be Held in Trinity Hall on Wednesday, June 23rd, From Three to Six p.m. — This Eliminates Travelling to Hamilton.

#### DONORS WANTED

White Elephant Shop Mobile Unit Will be Here—To Date 412 People Have Given of Their Blood—20 Per Cent Ladies This Time.

Residents of the Grimsby district, who so generously in the past two years, have given of their blood for the fighting forces' "stock bank", can continue to do so, but from now on they will not have to travel to Hamilton clinic to make their donation.

In future, at regular intervals, the clinic will be held right here in Grimsby. The first will be on Wednesday afternoon, June 23rd, from three o'clock until six o'clock. This clinic will be held in Trinity hall where all conveniences are available for the conducting of such a clinic.

The mobile blood clinic unit recently donated to the Red Cross by Kay Sinclair and her great little band of workers from the White Elephant shop, will also be here and used. This unit at present is (Continued on page 8)

### Homecoming Was A Big Surprise

Wives And Mothers Had No Idea The Highlanders Were Coming Home — Boys Will Get Furlough This Week.

Eighteen Grimsby men returned to Canada last week with the 1st Batt. Argyll and Sutherland Highlanders, after 21 months service in Jamaica, B.W.I. and are now in camp at Niagara-on-the-Lake.

The boys after arrival in camp were home on a 48 hour leave and this weekend will be given their 14-day furlough, the first they have had in two years.

To nearly all the wives and mothers the home coming was a total surprise, one wife meeting her husband on the street only a few minutes after he stepped off the bus. Mothers had their first intimation of the sons' arrival when they burst in the kitchen looking for some of Mac's Apple Pie.

To one Grimsby mother, Mrs. Sarah Carlton, the homecoming (Continued on page 8)

### High Lake Level Causing Concern

County Council to Ask Dominion Government to Consider Some Kind of Post-War Project to Save Land.

A breakwater or some kind of barrier for Lake Ontario was recommended by Lincoln County Council at its adjourned session Saturday. Council decided to include such a project in its plans for post-war reconstruction.

The lake this year is at its highest point in 35 years, and this district will continue to suffer repeated inroads from the lake unless some action is taken. Members said that they had talked to older men who could remember when the lake bank was at least a quarter-mile farther out than it is now.

The council had no definite plan of construction to recommend, but felt that protection should be given from the south shore of the lake from Niagara-on-the-Lake west to Hamilton. The high water this year has undermined summer cottages, (Continued on page 8)

### CHARTER HAS BEEN GRANTED FOR NEW MEMORIAL HOSPITAL

#### Faithful Servant

HARRY HOLMES

With his little grandchild, in the garden of his home on Robinson street south. Last week Harry was the recipient of a handsome gold watch, suitably engraved, by Canadian Canners Limited, in appreciation of 25 years continuous service with the firm at the Grimsby factory. In that period of time he has handled a good many thousands of tons of fruit over the weigh scales and expects to continue doing so for many years to come.

Trust Deeds to Property Now Being Prepared by Charles J. Eames Who so Generously Donated Same.

#### LIONS MEET

Erwin Phelps is New President of Service Organization — Plans Well Underway For Monster Carnival in July.

At Lions Club dinner meeting at the Village Inn on Tuesday night, Lion "Sandy" Globe reported the good news that the charter incorporating the West Lincoln Memorial Hospital, had been granted by the Provincial Secretary of Ontario, and that the deeds of trust from the donor of the property, Charles J. Eames, to the hospital were now being prepared and would be ready for signature within a few days.

"Sandy" informed the members that the work in connection with the hospital was only beginning. They had a big job of financing ahead of them and each and every one would have to dig in and work hard in order to put the project over.

At the present time there is \$2,000 awaiting the hospital governors, whoever they might be. The main financing idea will be to sell memberships. These memberships are of different types and for different amounts, a detailed plan of which will be announced later.

Grimsby is lucky as regards the hospital. The donation of the fine golf club building and the necessary land has eliminated a large (Continued on page 8)

### Honor Roll

On behalf of Lincoln Loyalist Chapter, Imperial Order Daughters of the Empire, the Independent takes pleasure in publishing a complete list of those men and women from Grimsby and North Grimsby who have enlisted in the different branches of the armed forces. The complete Honor Roll occupies all of page seven in this week's issue.

The Committee would appreciate being notified when boys proceed overseas. Any errors, omissions, or changes of rank, should be reported to Mrs. L. A. Bromley, phone 75R.

### MORE SUGAR

Mayor Edric S. Johnson, Chairman of the Local Rationing Board, announced on Wednesday that there would be a second allotment of sugar for canning purposes made on or about the first of July.

The allotment of sugar for this district has been granted by the W.P. & T.B. but just what the amount will be is not at present known.

Coupons covering this allotment will be mailed out the end of June and while it has not been definitely settled, it is believed that the distribution of this sugar will be on a family basis and not a per capita basis.

Further information will be announced at a later date.

### Grimsby Boy Wins American Honors

Above—A member of the Erwin Priesborn Post of the American Legion is shown presenting Sgt. Henry C. Loud, of Grimsby, Ontario, with the annual award of a sabre.

Right—Dr. Arthur W. Smith, historian of the Washtenaw Chapter Sons of the American Revolution, is shown pinning the medal award by the group to Sgt. Henry C. Loud.

High honors were conferred upon a Grimsby boy last week, when Henry C. Loud, son of Mrs. C. Loud, Main street east, was presented with two American decorations at the University of Michigan, which college he has been attending for the past four years.

"Hank" previous to attending the American college was one of Grimsby's most popular younger set. He graduated from Grimsby schools and was one of the best of the golfers in the junior competitions at the Deer Park Golf course, winning many of the trophies for junior play.

Mrs. Harriet Biggar, Main street east, is an aunt and Capt. Murray Biggar, Kent Regt. is a cousin.

The following special despatch to The Independent tells the whole story:

ANN ARBOR, Mich., May 25—Additional honors for outstanding scholarship, leadership and military efficiency were received today by Sgt. Henry C. Loud, Cadet Regimental Commander of the Reserve Officers' Training Corps at the University of Michigan, when he was presented with the Sons of American Revolution medal award in a ceremony at Rackham Hall, by the Washtenaw Chapter.

Sgt. Loud was the only member of this year's graduating class to receive a direct commission as a second Lieutenant in the Army Reserve Corps from the War Department. He received the commission in the infantry, and after a short refresher course at Fort Benning, Ga., infantry training center, he will go on active duty with the Army. He (Continued on page 8)

### Under Auspices Of Navy League

Saturday is Navy League Tag Day in This District—High School Girl Cadets Will do The Tagging — Will Visit Factories.

GIVE! GIVE!! GIVE!!!

Thirty-Two Naval Cadets From H.M.C.S. "Star" Will Parade The Streets During The Afternoon With Legion Color Party.

Grimsby and North Grimsby citizens will have an opportunity on Saturday afternoon of seeing a 32-man platoon of Naval Cadets on parade, when this unit from His Majesty's Canadian Ship "Star" of Hamilton, visit this district to assist the local Navy League committee with their tag day endeavor to raise funds for the furtherance of their work.

The Cadets will arrive in Grimsby at two o'clock, being welcomed by Mayor Johnson, and will form up at the Village Inn. Headed by the Sgt.-At-Arms and Colour Party from West Lincoln Branch, Canadian Legion will parade around the streets of the town after which they will go to Grimsby Beach parading down Central avenue and through the Beach.

Upon their return to town, they will have a little recreation, through the courtesy of George Kammacher at The Bowlaway, after which they will be entertained in the Masonic hall by the ladies of the I.O.O.F. where refreshments will be served.

Headquarters for the taggers, for the day, will be in Miller's old store. There will be 25 High School Girl Cadets soliciting funds for the League and we hope that our people give generously. At the Beach the taggers will be in charge of the Misses Cline and over the (Continued on page 8)

### Arrested Youths Admit Robberies

Two Juveniles Apprehended at Huntsville Tell of Hilt Store Break-in — Escaped From Bowmanville School.

A robbery at Hilt's store, on the mountain, a few nights ago, police claim, was solved by the apprehension at Huntsville on Sunday of two juveniles who had made a getaway from the Boys' Training School, at Bowmanville, recently.

The lads are alleged to have volunteered the information that they were responsible for the local break-in. Loot, police said, consisted of cigarettes and chocolate bars valued at \$5.

A Clinton township robbery was also solved over the weekend by the apprehension of a 13-year-old boy. The youngster aroused suspicions when he went into a Beamsville store and tried to find out the value of a watch which he had in his possession.

Police said the watch had been stolen from the home of Joseph Kezar, Clinton township, along with a flashlight and other articles, also recovered. The boy appeared in juvenile court at St. Catharines on Saturday.

### Are Dissatisfied With Meat System

Local Butchers Are Unanimous in Stating That The Coupon System is Not Workable—Somebody Get It Fixed.

The experience of the local butchers, over the weekend, the first three days of coupon meat rationing, tends to show that the system is not all that it is claimed to be. Grimsby's three butchers are unanimous in stating that the system is not logical, not really workable and in some instances is not even sensible.

Trade on Friday and Saturday was somewhat lighter and easier to handle than it will be later on, owing to the fact that a large amount of meats had been purchased previous to last Thursday.

Butchers sell meat for coupons. They buy their meat from the packing houses for coupons and they all fear the fact that it is only a matter of time until they will go coupon broke. This is brought about by the fact that their loss on cutting is too great. (Continued on page 8)

BACK FROM OVERSEAS—In this group are 18 Grimsby men who have just returned from overseas with their unit, the First Battalion, Argyll and Sutherland Highlanders of Canada, and moved into Niagara-on-the-Lake camp. In the front row, kneeling, left to right, are: Ptes. Nelson Copeland, Lewis Criss, Donald McIsaac, Joseph Bearas, Lloyd Dyball, George Hunter, Charles Durham. Standing are: Ptes. Alex Lak, Frank Lupsoskie, Earl Lucy, Edward Hearn, Michael Forrester, Metro Romak, Joseph Carlton, Arthur Mino, Blake Chapman, Sgt. A. E. Simmons, Pte. Charles MacKenzie.

## SOCIAL AND PERSONAL

Mrs. E. Bruce Murdoch, is visiting with relatives in Detroit, Mich.

Corp. Tom Warner, R.C.A.F., Ottawa, was home over the weekend.

L/Cpl. Thos. Gammage, R.C.O.C. Toronto, was home over the weekend.

Corp. Norman Warner left on Tuesday for the East to rejoin his unit.

A.C. 2 Ted McNinch, Manning Depot, Toronto, spent Sunday at his home here.

L.A.C. Robert Watt was a visitor at the home of his parents, Rev. J. W. and Mrs. Watt, on Thursday.

Pte. Dorothy Burton, Brampton, visited her parents, Mr. and Mrs. F. J. Burton, Paton street, over the weekend.

Charles I. Burland of Hamilton, Bermuda, is in Canada on a business trip. While here he is staying with Harold C. and Mrs. Johnson, Mountain Street.

Mr. and Mrs. N. L. Morningstar, Robinson street south, were visitors for a few days in Wainfleet where Mr. Morningstar's mother, Mrs. N. W. Morningstar, recently passed away.

We regret to chronicle that Mrs. Johnson, wife of Mayor Edric Johnson, suffered a fractured wrist when she tripped and fell on the sidewalk on Saturday afternoon last.

Pte. Chet Elmer, Camp Borden was home over Sunday.

Mrs. Edward Cowell is visiting with friends in Tonawanda, N.Y.

Harold Walker, Hamilton, was a business visitor in town on Wednesday.

Clyde and Mrs. VanDyke, St. Catharines were Saturday visitors in town.

Word has just been received that Bombardier J. S. Rummery, now Overseas, has been promoted to the rank of sergeant.

Miss Nora McFadden, Prof. of Textiles, University of Manitoba, was guest of Prof. and Mrs. V. W. Jackson, last week.

A.W. 1 Kathleen Stewart spent last weekend at the home of her parents, Mr. and Mrs. A. M. Stewart, Kidd Ave.

The many friends of Gordon Hannah, Hotel Grimsby, will be glad to know that he is now able to be out and around for a few hours every day and will soon be his old self again.

P.O. Lloyd Bull, R.C.A.F. Mountain View, was home for a few days last week. He is now an instructor at Mountain View which is the thirteenth camp he has been in since joining up.

Victor Patenaude and family, who have been residents of Grimsby, for the past five years, left for Montreal on Saturday last where they will reside in the future. Mr. Patenaude was local manager of the United Distilleries and was well liked in business circles and as a member of the Lions Club.

Mr. and Mrs. J. K. Shook and Mrs. Odium of Toronto were visitors of Prof. and Mrs. V. W. Jackson, last week. Mr. and Mrs. Shook were formerly of Winnipeg, and Mrs. Odium is an aunt of Gen. Victor Odium, Canada's Ambassador to China, now in Chung King. Mrs. Odium is in her 90th year, and hale and hearty.

## New Guide Commissioners For Lincoln

Two new commissioners of Girl Guides attend the annual Badge Night of the St. Catharines Girl Guides last evening. They are, Miss Nina Creet, Beamsville (left), who is District Commissioner for the Beamsville district covering Girl Guides in Beamsville and Grimsby; and Miss Harriet Wash, Grimsby, who is Divisional Commissioner for West Lincoln, taking the post formerly held by Mrs. F. S. Greenwood of St. Catharines. (Cut Courtesy St. Catharines Standard).

With the wood-fuel shortage likely to be aggravated by a serious shortage of coal next winter, some Canadian municipalities are working out plans for community woodpiles. In addition, many individual house-holders are making their own arrangements to cut at least a part of their wood supply. As a guide to inexperienced cutters, the Munitions and Supply Department offers the above chart, which indicates the proportionate usefulness of the more common firewood trees in Canada.

Ralph C. Farrell, Barrie, spent the weekend with his parents, C. T. and Mrs. Farrell.

Pte. Jean Heywood, C.W.A.C., Toronto, spent the weekend with her parents, at Grimsby Beach.

N. W. Morningstar, Wainfleet, is spending a few days at the home of his son, N. L. Morningstar, Robinson street south.

Mr. and Mrs. Samuel Hunt have moved to Brantford to reside where Mr. Hunt has secured a position. Earl and Kay Tufford are occupying their apartment on Elizabeth street.

Dr. and Mrs. Charles, Miss Esther Charles and Joe, Potter, Brooklyn, N.Y., were at the Beach for the weekend. Dr. and Mrs. Charles returned home on Wednesday but will return about the first of July for the summer.

The Summer Session of the Community Church at Grimsby Beach will commence next Sunday, June 6th, at 11 a.m. in the Boys Tabernacle. Rev. Thomas R. Todd will preach each Sunday morning during June.

P/O William Parker, of Brantford-Burford airport, and formerly of Winnipeg, was weekend guest of Mr. and Mrs. V. W. Jackson, and had his first close-up of "The Falls" and cherry blossoms. Thanks this "The garden of Canada," all right.

Cpl. Robert J. McClelland, United States Army, has been transferred from Amarilla, Texas, to Chanute Field, Rantoul, Ill., according to word received this week by his parents John and Mrs. McClelland, Grimsby Beach.

Pte. Audrey Robertson, C.W.A.C., Toronto, is spending her 14 day furlough with her parents, James and Mrs. Robertson, Robinson street south. Her sister Pte. Ellen Robertson expects to be home on her furlough on June eighth.

Dan Cupid has shot another Grimsby boy overseas. On May 4th, Corp. W. J. "Bill" Hooker, R.C.A.M.C. and son of Ted and Mrs. Hooker, Ontario St., was married to Miss Peggy Sherman of Bristol, Eng. "Bill" went overseas, with Col. Gordon A. Sinclair in December of 1939.

Through the kindness of Henry and Mrs. Bull, Dept. of Air, Sgt. Cunningham, R.A.F. Mount Hope, is spending 14 days leave at his home. The Sergeant is a native of Northants, England, and was one of the crew of the plane that crashed at Thamesford about 16 weeks ago.

## Navy League News

Tag Day, Saturday, June 5th. Please buy a tag. No better cause in the world.

Any young lady setting tags will be delighted to accept bills and send up a goodly sum to headquarters.

True, there is voluntary work; great deal of are a big charge; but the hostels all the same.

WARTIME HOME HOSPITALITY  
L.A.C. Lawrence Thomas spent the weekend with Mr. and Mrs. Fred Jewson, Grimsby Beach.

L.A.C. Arnold Exley and L.A.C. Arnold Brown were weekend guests of Mr. and Mrs. J. W. Baker.

L.A.C. Arthur Harris visited friends in Grimsby on Sunday.

L.A.C. Jack Frost is spending seven days' leave with Mr. and Mrs. P. V. Smith.

All the above are from Mount Hope.

## BUSINESS MEETING

At the May business meeting of Lincoln Loyalist Chapter, I.O.D.E., presided over by Mrs. L. A. Bromley, Regent, plans were discussed to co-operate in the Navy League Tag Day to be held on Saturday, June 5th. Under the convener'ship of Mrs. P. E. Fairbank the chapter will serve a lunch for the visiting sailors.

Mrs. P. E. Fairbank, convener of the War Service committee, in her report, made the welcome announcement that Mrs. Sarah Carlton's son, James, listed as missing, is now known to be a prisoner of war, while another son, Joseph, is home on leave from Jamaica, B.W.I. Twenty-five recruit parcels were sent out, and letters were received from boys overseas acknowledging parcels and Easter cards. A large parcel was sent to the I.O.D.E. "adopted" ship, Interceptor, while 1,333 magazines were sent to various camps.

The Girl Guide group, in competition at Beamsville on May 22nd, won the cup for the second year in succession. Second Roll of Honour for the I.O.D.E. school has been drawn up by Mrs. Fred Jewson, educational secretary, there not being sufficient space on the first one for all the names.

The Loyalist meeting, June 14th, will be a "bargain" of the Girl Guides.

The Hospitality committee reported 17 men and one W.R.N. entertained by members of the chapter during May.

Two new members were received at this meeting.

## PRESENTATION TO LIBRARY WORKER

At the May meeting of the Saltfleet library board, held Friday afternoon in the council chambers, Stoney Creek, Mrs. A. W. Little, who is retiring, was presented with a handbag.

Mrs. Little was the Vinemount representative and has been a very faithful member of the board for the last 12 years. She was one of the first to be a member of the public library board when it was taken over from the Associate Library in 1921. The presentation was made by Mrs. A. E. Walker, who has also been a member of the board for the same length of time.

Mrs. F. T. Green, Mrs. W. H. Barnard, Mrs. A. W. Little and Mrs. William Welsh, members of the Saltfleet library board, will attend the regional meeting of the Ontario library board at Niagara Falls on Wednesday. Due to this the library at Weissholm will be closed.

## SURPRISE PARTY

The home of Mr. and Mrs. Victor Patenaude, Main street west, was the scene of a very pleasant surprise party on Thursday evening in honour of Mr. Patenaude and family prior to their leaving Grimsby to take up residence in Montreal.

Mr. Patenaude came to Grimsby four years ago to open and manage the plant of United Distillers Limited, and has now returned to Montreal to accept a position with the Aluminum Company of Canada Limited, in that city.

To mark the occasion, the employees and a few friends gathered to present Mr. Patenaude with a silver casserole and a set of silver salt and pepper shakers for himself and family. At the same time a bouquet of flowers was presented to Mrs. Patenaude.

In attendance to bid him well were Michael Forrester, A.C. Laba, Roy Mino, Glen Bears (all of whom have returned from active service in Jamaica), Fred Case, Bernard Prevost, Mr. and Mrs. D.

Thomson, Miss Emily Irish, and the followings employees: S. Newman, and F. McPhail, Toronto, Mr. and Mrs. R. Smith, Mr. and Mrs. W. Smith, Mrs. J. Heywood, A. Cramer, Doris Walters, Audrey Davidson, Lillian Hildreth, Lily Laba, Viola Clark, Rita Lessard, Annie Ivan, Madeline Todd, Shirley Pearson, Elizabeth Laba, Rose Marshall, Phyllis Burton, and Adella Campbell.

## Births

MILNE—At the Moulding Nursing Home, Hagersville, on Tuesday, June 1st, to Gunner and Mrs. T. D. H. Milne, (formerly Ella Coe) a daughter. Both doing well.

## In Memoriam

SCOTT—In loving memory of a dear husband and father, John Scott, who passed away May 31, 1937.

More and more each day we miss him, Friends may think the wound is healed,

But they little know the sorrow, Lying within our hearts concealed.

Ever remembered by wife and family.

## Trinity United Church

W. J. WATT, B.A., B.D., Minister.

SUNDAY, JUNE 6th, 1943

Services at 11 a.m. and 7 p.m.

Theme—"Echoes From The Conference."

Sunday School at 2:30, Trinity Hall

## MILLYARD'S DRUG STORE

### DEE-TEE MOTH CRYSTALS

39c 1 lb. tin

### PHOTOGRAPH ALBUMS

Preserve Your Snapshots by Keeping Them in an Album.

35c to \$2.25

Give the troops a break—please do not travel during week-ends. This applies especially to shoppers, children and non-essential travellers. Be home by 8 p.m. on Sunday nights because after that time the troops have priority and no extra buses will be available for civilian passengers. Please co-operate to avoid congestion.

Perhaps we could get home if they DIDN'T TRAVEL ON WEEK-ENDS

## BREVITIES

### EVENTS and TOPICS of the WEEK in TABLOID .....

Navy League Tag Day, Saturday.

It is Lilac Time in the Fruit Belt.

Town council meets next Wednesday night.

St. Catharines building permits for May totalled \$64,465.

St. Catharines Blood Clinic had 114 lady donors on Monday.

Lions Club Carnival, July 8 and 9. \$500 will be given in prizes for the drawings.

Rain fell in the Niagara Peninsula on 18 of the 31 days during the month of May for a total of 4.64 inches.

The monthly liquor ration in Ontario for June will be 53 ounces, a reduction from 80 ounces of previous months. It was announced Monday night by A. St. Clair Gordon, chairman of the Liquor Board.

"Cammy" Millyard's Cigarette Fund was \$11.25 richer on Tuesday morning, after the banquet of the Peach Queen's Bowling league. Even in the midst of all their festivities the Queens did not forget their sons, brothers and sweethearts in the fighting forces. Thanks girls, says "Cammy".

Richard Stanbury, son of Judge J. G. S. Stanbury, K.C., is receiving congratulations of his friends on his examinations at the University of Western Ontario. Although taking part of his third year subjects along with all of his second year, he passed with first class honors in the Department of Economics and History.

Mrs. John Home of Hamilton, for many years a resident of Grimsby received word on Friday last that her son Flight-Sgt. Allan Home, R.C.A.F. was listed as missing on May 15th. Allan will be best remembered by the members of the old Deer Park Golf Club, where he was head caddy and later Asst. Pro. for some years.

Thieves who broke into the Dunnville brewers' warehouse during Monday night stole \$864 in cash and two pints of ale. In addition the safe which was removed from the building and has not been recovered contained \$300 in Victory bonds and a \$395 cheque. The thugs picked up two bottles of ale, apparently for a nightcap, ignoring stacks of cases.

National Defence Headquarters at Ottawa has denied reports that Canadian soldiers serving overseas for more than two years are being permitted to return to Canada on leave. After receiving numerous enquiries from wives, relatives and friends of soldiers overseas, Headquarters stated that no such arrangement exists and none is contemplated at present.

Farmers who have been accustomed to having an occasional animal slaughtered for them at abattoirs or other licensed slaughter-houses as a source of meat supply for their own households may continue to do so, according to an announcement of the Foods Administration. This action was previously prohibited in the conditions governing the slaughtering of live stock for any person who is not the holder of a permit.

Over 800 yards of crushed stone have been taken out of the North Grimsby quarries up until Saturday night when work was shut down to let the men go back to the farms for seeding. This is just about one-third the usual quantity taken out each year. Shortage of labor has caused a curtailment. Road Superintendent Mackie reports that the Woolarton Mountain road, where a series of slides have taken place this spring, is still closed to traffic and will be for some time yet.

Mr. Bruce Swayze, son of Andy and Mrs. Swayze, Robinson street south, somewhere on the African front, has forwarded to The Independent a copy of the United States army paper, published at the front, called The Stars and Stripes. This paper, five columns tabloid size, is 16 pages of real live news of the doings among the army boys and "hot" news from the home front. It is well illustrated and has never missed a publication date in 19 weeks. This particular issue is that of April 16th. The typesetting and printing is done by a firm in the city of Algiers.

Meeting in St. Catharines for the first time, the 35th annual convention of the Dominion Association of Fire Chiefs will be held August 24, 25, 26 and 27. Convention headquarters will be at the Leonard Hotel.

Thos. Mackie, Supt. of Roads in North Grimsby is out gunning for a guy named Jupiter Pluvius. Thomas had his township roads all graded up in nice shape when Old Jupe sent down the rains and now they are in terrible shape again and that means a lot of hard work ahead for the road boys.

## Legion Jottings

Saturday, June 5th—The Legion will form a Colour Party for the visiting sailors. The Sergeant-at-Arms, Charles Mason, would like to have as many out as possible at this meeting so that we can make a good showing with our sailor friends.

"Fall In"—Village Inn at 2:00 p.m.

Dress—Legion caps and medals.

Sunday, June 6th—The Legion will attend Divine Service at St. John's Presbyterian Church. Let's all turn out for the service and show our Padre a real parade. It is a long time since the Legion went to church.

Dress—Legion caps and medals. Colour Party will attend this service.

"Fall In" at Independent Hall at 10:45 a.m.

Don't forget the date, Sunday, June 6th.

## Ready Reference Coupon Table

Number of Coupons	A	B	C	D
1	1/2	1/2	1	1 1/4
2	1	1 1/2	2	2 1/2
3	1 1/2	2 1/2	3	3 3/4
4	2	3	4	5
5	2 1/2	3 1/2	5	6 1/4
6	3	4 1/2	6	7 1/2
7	3 1/2	5 1/2	7	8 3/4
8	4	6	8	10
9	4 1/2	6 1/2	9	11 1/4
10	5	7 1/2	10	12 1/2

The table above shows how much meat (in pounds) will be sold for from 1 to 10 coupons in any of the four coupon groups.

A customer may buy less than a full coupon's worth of any meat, and take the rest of the coupon value in meat from the same or any other coupon group.

For instance:—If she want: half a pound of hamburger (worth half a coupon) she may buy, at the same time, 1/2 lb. of any Group A meat, or 1/2 pound of any Group B meat, or 10 ounces of any Group C meat, or 10 ounces of any Group D meat—giving one coupon to cover both purchases.

The stadium quarterback has hanged plates. He is now running the war from the drug store.

## MOORE'S THEATRE

Coupons 1, 2, 3, 4, 5, 6, 7, 8 now valid.

Coupons 9 and 10 valid June 24.

No expiry date.

Each good for one pound of sugar.

Spare B No. 1 coupon is no longer good.

Canning sugar special coupons marked June now valid.

Each good for 5 lbs. sugar.

Butter—(Purple)

Coupons 12 and 13 now valid.

Expire June 30.

Coupons 14 and 15 valid June 10.

Expire June 30.

Coupons 16 and 17 valid June 24.

Expire July 31.

Each good for one half lb. butter.

Meat—(Buff)

Coupons 1 (pair) now valid.

Expire June 30.

Coupons 2 (pair) valid June 3.

Expire June 30.

Coupons 3 (pair) valid June 10.

Expire June 30.

Each good for 1/2 to 1 1/2 lbs. meat (see chart).

## Boy Scouts

(By D. W. Pettit, A.S.M.)

On the evening of May 19th, many of the Scouts, officers included, were in plain English "plumb full"—of just about everything. Winners took the largest amount of storage space, then followed sandwiches by the hundreds — perhaps thousands. They also went down the "hatch" on the double, accompanied by piping hot chocolate.

This long list of "grub" was prepared by Chief Cook, "Chuck" Schwab, and a very able staff. The "Grand Pow-Wow" took place at the home of S.M. and Mrs. Baker, for the use of which every boy heartily says—THANKS.

Music, well they call it that, echoed through the Baker residence for a good two days after the big "do".

Following all the food, the boys pulled themselves bravely to their feet and stood quietly while Allan Baisley was invested by the S.M., making him a Tenderfoot Scout.

The meeting last week opened at the Scout Hall at 7:15 p.m. The roll call to which about twenty-five boys answered was called and checked by Troop Leader Ian Marr and Jr. A.S.M. Doug Bedford.

The horse shoe of Scouts was then dismissed and the patrols fell in for a route march. Patrols took their places alternately on the left and right side of the street. The Scouts marched off ten paces apart keeping close to the side of the road.

This formation is one taken by troops when marching near the front—in case of machine gunning from the air they can easily duck for cover. As the Scouts marched up Livingston Ave. to the High School a number of short blasts on the whistle was the signal to take cover. Where they went when the whistle sounded, the officers are still wondering. It took just twenty seconds, perhaps less, to get completely out of sight and under cover.

The meeting included a "bang-up" game of baseball at the High School after which the troop was dismissed at the Scout Hall.

Be on deck next week, gang—we're forming baseball teams.

You can tell when it's an election year. The boys are suggesting new aids for the farmer.

DATED at St. Catharines, this 28th day of May, 1943.

LANCASTER, MIX & SULLIVAN, Prendergast Building, St. Catharines, Ontario, Solicitors for the Administratrix.

## Victory Team Are The Champions

It is all over for the season in the Peach Queen's bowling league and the girls put up a titanic struggle right until the last ball was bowled.

In the semi-finals the Victory girls put out the Vimy team and the Vedette team defeated the Viceroy's.

This brought the Victory and Vedette teams together in the finals and it was a great three game series with Corinne coming out with her team on the winning end over Doris and her gang by the slim margin of only nine points on the total score.

### Semi-Finals

#### VICTORY

Snyder	177	138	315
Clarke	120	—	120
Hawes	186	178	364

SATURDAY — 1 p.m. to 11.45 p.m.

## GRIMSBY BOWLAWAY

Geo. Kanmacher, Proprietor.

## SPORTOLOGY

By Bones Livingston, Sportologist

### THE QUEENS HOLD SWAY

Monday night was a gala one at the Village Inn. In fact, it was a history making one. It was the occasion of the first banquet, celebrating the wind-up of a most successful season, of the Peach Queen's Bowling League. It also marked the first time that a banquet had ever been held in this palatial hostelry by a sporting organization composed entirely of ladies.

Seventy-five lovely Queens and four poor, mere men sat down to the festive board and the ladies showed that they were just as adept at disposing of the choice viands placed in front of them, as they are at knocking down George Kanmacher's five pins.

Taking his life in his hands, without a suit of armour, the scrivener of this column assumed the duties of chairman for the evening. The toast to The King was responded to by the singing of the National Anthem, after which, with much trepidation he gave a brief outline of the formation and growth of the league, the sportsmanship of the players and the prospects for the future, which certainly look very bright.

Peach Queen's league was formed after The Bowlaway had opened for business in January, with 12 teams. Owing to the lateness in getting started four of these teams had to be eliminated at the end of the first series, leaving eight teams to continue in play. This will not be the case next season as the league will open in September, with at least 16 teams, and all teams will play in all three series right up to the final play offs. The toast to the league was responded to by President Doris McBride.

At the opening of the league the girls were fortunate in having The Metal Craft Co. step forward and offer a suitable trophy for season play, to be held for one year by the team winning out. Also to have donated by St. John and Shaw a War Savings Certificate for the Queen making the highest score during the season in scheduled game play. A toast to these donors was proposed by Secretary Helen Cloughley Elmer and responded to by Stanley Globe and Roy St. John.

Phyllis Phelps in a very nice speech proposed the toast to Helen and George Kanmacher, which Helen responded to in a few well chosen words and Little Piggly-Wiggly very elaborately. In fact his flow of oratory at times would lead one to believe that he had parliamentary ambitions. The thanks of the girls to the President and Secretary for their great work during the winter was expressed by Kay Tufford.

Stanley Globe, on behalf of the Metal Craft Co. presented to Corinne Robertson, captain of the championship Victory team, a replica of the silver plaque that will eventually be presented to the league when the war is over. Roy St. John presented the high scoring War Certificate prize to Gladys Fraser, who finished the season with a high score of 298, which is going some for a lady bowler.

After the speechifying had been completed the girls indulged in music and the tripping of the light fantastic, and then Andy and Clara threw us all out. It was a great night. Had the men's bowling league banquet beat a mile. Who wants to sit all night and look at a bunch of men, anyway. It was far nicer gazing at that galaxy of pulchritude.

## R.A.F. Spitfires Attack German Trawlers At Close Range

Sir Archibald Sinclair, British Air Minister, said in a recent speech that in the Spring Hitler may try to regain all he will lose this coming winter, but that the R.A.F. will see to it that his supplies and vital war production factories are destroyed so thoroughly that it will be impossible for him to keep his widely spread out forces sufficiently equipped. R.A.F. Fighter Command, Bomber Command and Army Co-operate on aircraft carry out continuous daylight sweeps over enemy occupied territory, attacking shipping, railways, factories, barges etc. Pictures shows: An artist's impression of an action in which Spitfires successfully attacked two German trawlers trying to creep along the coast of France. In the face of strong A.A. fire from the trawlers the Spitfires split up into sections to make low-level attacks that finished up at point blank range. Hundreds of cannon shells and machine gun bullets were fired into the enemy ships and when the Spitfires started for home both vessels were on fire.

## Canada Builds Mighty Air Base

The Canadian Army and the Royal Canadian Air Force, co-operating with other United Nations Air Forces, have forged a mighty link in the wartime bomber route which joins the rugged Labrador coast to embattled Britain. The Canadian-built outpost at Goose Bay is one of the world's largest and most important air bases. The combined air forces

operate the air line taking the vital ships to battle zones, Canadian Army units guard the area and Canadian construction gangs enlarge and maintain the outpost facilities. Mighty bombers are readied for the trip to Britain by the Royal Air Force Training Command. Runways going into the distance are 6,000 feet long.

## MAY WE SERVE YOU?

### We Print Everything

No matter what your printing requirements may be—a four-page folder or a 100-page book—a small invitation card or a large auction sale bill — The Independent is equipped with type and presses to render a complete and satisfactory job, appropriate to the occasion. If you have printing to be done, consult your home-town printers where the service is more satisfactory and intimate, and the prices as low as any competitive prices.

### Counter Check Books

We are agents for the Appleford Counter Check Books, Hamilton, Ont., the Dominion Sales Books, Hamilton and the Peerless Counter Check Books, Toronto, Ont. Let us quote you on your next order.

We also can supply blank or printed counter check books. No order too small or too large.

### Classified Advertisements

Have you anything to sell . . . or do you wish to buy something? . . . Perhaps you want a maid . . . or you may be looking for work.

Try these successful little ads; they have brought results in hundreds of cases and will do the same for you . . . and the cost is small — 2 cents a word with a minimum of 25c.

## OVER 5,000 PEOPLE READ THE INDEPENDENT

every week based on an average of four readers in every home. Think of what this means to the advertisers — practically every home and every person in Grimsby and district a regular weekly reader of the old home paper for which there is no competition . . . That's why local and foreign advertisers are using THE INDEPENDENT more and more to carry their message to the people of this town and district . . . and why every business man will find it valuable to emulate this example.

## Continuations From Page One

## HOMECOMING WAS

meant a great deal because among the local men was her son, Pte. Joseph Carlton, one of three sons, who went overseas. Another son, Pte. John Carlton, member of the Royal Hamilton Light Infantry, died in a German prison camp as a result of wounds received in the Dieppe raid. The third, Sgt. James Carlton, R.C.A.F., is listed as "missing."

Another lad who came back, Pte. Earl Luey, is one of four brothers who went overseas. Two of the others, Ptes. Lyle and Leslie Luey, twins, were taken prisoner at Dieppe. Pte. Arthur Luey is still overseas.

## ARE DISSATISFIED

In days before rationing a person bought three-quarters of a pound of steak and he took the steak as cut, whether it was 11 ounces or 13 ounces. Now he must get just 12 ounces for his coupon, or else is underweight by an ounce or the butcher gives away an ounce, or he cuts the ounce piece off. This is supposed to go for hamburger and be sold at 22 cents a pound when the steak itself sold for 44 cents a pound. How can it be done, they ask?

Moreover when all the cut off pieces of beef, veal and pork go in to hamburger, who is going to eat it all?

The cutting of roasts to exact weight is an impossible proposition. A man might be able to sit in a swivel chair in Ottawa and do it with a lead pencil, but it is another story to stand at a meat block and do it with a saw and knife, claim the local meat vendors. Somebody is going to get gypped, either the customer or the butcher.

To date the butchers claim that the system is absolutely unsatisfactory, and such being the case what is it going to be three weeks hence, they ask, when all the stored up supplies have run out and trade becomes normal and heavy again.

## GRIMSBY WILL

on an exhibition tour of Ontario but after it returns to Grimsby on the 23rd, will then be used exclusively for blood donor work in the Niagara Peninsula.

At Trinity Hall on the 23rd, the White Elephant girls will have charge of all the details in connection with the work. Our own three doctors will be engaged in the transfusion job and the nurses will be all local Registered Nurses. In other words it is purely a Grimsby operated affair.

The arrangements and handling of the food and nourishment will be in charge of Mrs. Dr. MacMillan and a group of ladies. The hospital beds, mattresses, cabinets, etc. are being provided by The Metal Craft Co. so everything will be just like a clinic in a big city.

Wm. Hewson and his committee are seeking more donors and any person wishing to give of their

blood can communicate with him. The regular list of donors has shrunk somewhat since March owing to men joining the services and moving from the district.

At the last clinic 17 ladies were accepted for donation and this time at least 100 donors will be accepted of which 20 per cent will be ladies.

Chairman Hewson wishes it made known that no organization in the district is being overlooked. These clinics will be held every three months and different ladies' organizations will be used at each clinic.

## CHARTER HAS

sized handicap. The Lions Club of Gananoque have a 25 bed hospital project planned, but they have to start from scratch, and they figure that it will cost them in the neighborhood of \$100,000 to erect their building and equip it.

The almost forgotten idea of a Community playground and Community hall for Grimsby was again discussed, but this time as a post-war measure.

Lion Cecil Bell reported that the two new bathing houses on the beach at the foot of Nelles Road had been completed and were ready for use. The steps leading down to the beach from the bank, which had been badly wrecked by the lake storms this spring had been repaired and all was in readiness for the swimming season to get under way.

The nominating committee of the club brought in a list of suggested officers for the year 1942-43, which having no opposition was passed by the members and the new officers for the coming year will be:

President—Erwin Phelps.

Vice-Pres.—Dr. Ben Rogers.

Secretary—Stan Globe.

Treasurer—Ewart Stonehouse.

Directors, two year term — Dr. McIntyre, Harold B. McTchett; one year term, D. Elliott Anderson, Dr. MacMillan.

Auditors—E. E. Ewing, Archie Aiton.

Plans for the forthcoming carnival in July were discussed and there will be much information released at the next meeting, regarding this gala event.

## HIGH LAKE LEVEL

broken roads, eaten away large chunks of valuable fruit land, and toppled trees over the bank. There is little beach left at any point along the lake. Council felt that a weir or breakwater built a short distance out in the water would permit a beach to form, and would thus protect the shoreline in future.

Council decided to make grants of \$100 each to all agricultural societies in the county which hold fall fairs this year. Fairs are having a difficult time in some instances, and the council tried to encourage them by raising their grants from \$75 which they have given in the past.

## British Columbia Fruit Growers Expect Smaller Crops This Year

Fruit growers are beginning to make their seasonal harvest survey, and the outlook in some sections of the important Okanagan district in British Columbia is none too favorable.

The long cold winter will interfere with the pack in the northern section of the valley and peaches are likely to be a failure.

The situation improves as the survey moves southward. It is still too early for an expression of worthwhile opinion regarding the apple crop, which is by far the most important. The general expectation is that it will be slightly

less than in 1942, when more than 10,000 carloads were shipped, for an all-time record.

The principal anxiety of the fruit growers in the Okanagan as well as of farmers throughout British Columbia is the shortage of labor. So far the response of farmers to questionnaires sent out for applications for land army labor has been unsatisfactory. Despite all efforts to dispel the impression, farmers still are sceptical regarding volunteer workers and many of them would apparently prefer to take their chance with casual labor than sign up for untried city workers.

A resolution from Wentworth County Council was endorsed. It protested against the provincial government's action "in amending the High Schools Act without first notifying and consulting municipalities."

Under the amended act, counties will be required to pay a greater portion of the cost of educating county pupils in high or vocational schools. County Treasurer W. H. Millward estimated that under the new act, Lincoln might have to pay \$2,000 more this year than it would have paid under the former act.

A request from the Beamsville Board of Education for its annual agricultural grant was laid over until the next meeting. Council directed the county solicitor to proceed with the case of Lincoln County vs. Lubera. The defendant had claimed that he was unable to pay hospital expenses, and the bill was paid by the county. The council felt that they had information which showed that Lubera is able to pay his own bills.

Part of the day was spent in discussing the equalized assessment for 1943, which must be adopted at the June session of council. A special meeting will be held on the night of June 8th to again consider the matter and discuss 1942 tuition accounts for county high and vocational school pupils.

## NAVAL CADETS

mountain by William Palmer. Members of the Navy League committee will visit the various factories in the morning.

The Navy League has made marvellous contributions to our fighting naval men and our merchant seamen and its sixteen hostels and recreation centres have added greatly towards the welfare and comfort of these men of the sea. It is interesting to note that during 1942, more than two million merchant seamen crossed the thresholds of the Navy League Seamen's Clubs where good meals were provided and comfortable sleeping accommodation, hot and cold shower baths, recreation and pleasing entertainment. When these men leave the Navy League hostels, they do so with courage in their hearts and thankfulness because of the generosity of Canadian people for all that they have received.

The Department of Naval Affairs have proclaimed time and again that the efforts of the Navy League have done much to keep our seamen on the sea in keeping their morale high and their courage undaunted in the great battle of the Atlantic and Pacific.

The Navy League, like the Naval Department, give the fullest praise and thanks to our men who have so nobly stood by their duty to their King and Country and it is plainly our duty to give this organization the support that is needed in order to carry on this great undertaking.

The taggers for the Navy League in this community will feel that they have performed a noble and patriotic service if every citizen gives them the support which they need at this time. We must not ignore their outstretched hands for they form the first link in the chain that stretches from this community to our brave men of the sea, carrying on concrete "Thank you" for the tremendous service they are rendering in protecting and serving us, for if it were not for these men, the battles of this war might well be fought on the streets, lanes, highways and fields of our own country.

Let us rise to this task and carry

## TRAINING THE MEN THAT SWOOP IN SILENCE: ARMY GLIDER PILOTS LEARN WITH THE R.A.F.

Picture shows a British Army glider pilot pupil at a school run by R.A.F. Flying Training Command for men of Britain's Airborne divisions. Silence and surprise are the great weapons of the glider-borne soldier.

## FRUIT GROWERS

## Shuck Spray To Control BROWN ROT and CURCULIO on PEACHES

Use LEAD KOLOZINC, containing KOLOFOG for BROWN ROT, LEAD for CURCULIO and ZINC SULPHATE to make Lead safe on Peaches, you add fresh Hydrated Lime.

## Shuck Spray To Control LEAF SPOT and CURCULIO on CHERRIES

Use C.O.C.S. SPRAY (fixed copper) for LEAF SPOT, and add LEAD for CURCULIO and fresh Hydrated Lime.

These are the same materials for the CHERRY FRUIT FLY SPRAY to be used later.

ASK YOUR DEALER FOR THESE MATERIALS.

NIAGARA BRAND SPRAY CO.  
BURLINGTON

## Veterans Guard On Parade

A company of the Veterans Guard of Canada takes up its dressing on the parade square, somewhere in Canada, with all the snap and sparkle bred in them by their service in two wars. The Veterans Guard of Canada, which will celebrate the third anniversary of its founding on May 24, has more than 11,000 veterans in its ranks and is expanding daily. Companies of the veteran guard have been serving overseas for nearly three years.—(Canadian Army Photo).

NATIONAL SELECTIVE SERVICE  
Second Compulsory Employment Transfer Order

## Notice to Certain Employers and Employees

that men in specified lines of civilian employment, in classes already designated under National Selective Service Mobilization Regulations, must report for interview not later than June 15th, 1943, at an Employment and Selective Service Office.

A. Objectives: This Second Order makes available for essential employment the services of men in classes already designated under National Selective Service Mobilization Regulations, who are now employed in specified non-essential employments.

B. EMPLOYMENTS COVERED BY THIS ORDER: Men, of the specified categories, are covered if now employed in:

(1) Any occupation in or associated with retail trade; (2) any occupation in or associated with the manufacturing of leather, plastics and artificial flowers; (3) any occupation in or associated with the operation of a steam power plant and boiler; (4) any occupation in or associated with the operation of a power plant and boiler; (5) any occupation in or associated with the operation of a power plant and boiler; (6) any occupation in or associated with the operation of a power plant and boiler; (7) any occupation in or associated with the operation of a power plant and boiler; (8) any occupation in or associated with the operation of a power plant and boiler; (9) any occupation in or associated with the operation of a power plant and boiler; (10) any occupation in or associated with the operation of a power plant and boiler; (11) any occupation in or associated with the operation of a power plant and boiler; (12) any occupation in or associated with the operation of a power plant and boiler; (13) any occupation in or associated with the operation of a power plant and boiler; (14) any occupation in or associated with the operation of a power plant and boiler; (15) any occupation in or associated with the operation of a power plant and boiler; (16) any occupation in or associated with the operation of a power plant and boiler; (17) any occupation in or associated with the operation of a power plant and boiler; (18) any occupation in or associated with the operation of a power plant and boiler; (19) any occupation in or associated with the operation of a power plant and boiler; (20) any occupation in or associated with the operation of a power plant and boiler; (21) any occupation in or associated with the operation of a power plant and boiler; (22) any occupation in or associated with the operation of a power plant and boiler; (23) any occupation in or associated with the operation of a power plant and boiler; (24) any occupation in or associated with the operation of a power plant and boiler; (25) any occupation in or associated with the operation of a power plant and boiler; (26) any occupation in or associated with the operation of a power plant and boiler; (27) any occupation in or associated with the operation of a power plant and boiler; (28) any occupation in or associated with the operation of a power plant and boiler; (29) any occupation in or associated with the operation of a power plant and boiler; (30) any occupation in or associated with the operation of a power plant and boiler; (31) any occupation in or associated with the operation of a power plant and boiler; (32) any occupation in or associated with the operation of a power plant and boiler; (33) any occupation in or associated with the operation of a power plant and boiler; (34) any occupation in or associated with the operation of a power plant and boiler; (35) any occupation in or associated with the operation of a power plant and boiler; (36) any occupation in or associated with the operation of a power plant and boiler; (37) any occupation in or associated with the operation of a power plant and boiler; (38) any occupation in or associated with the operation of a power plant and boiler; (39) any occupation in or associated with the operation of a power plant and boiler; (40) any occupation in or associated with the operation of a power plant and boiler; (41) any occupation in or associated with the operation of a power plant and boiler; (42) any occupation in or associated with the operation of a power plant and boiler; (43) any occupation in or associated with the operation of a power plant and boiler; (44) any occupation in or associated with the operation of a power plant and boiler; (45) any occupation in or associated with the operation of a power plant and boiler; (46) any occupation in or associated with the operation of a power plant and boiler; (47) any occupation in or associated with the operation of a power plant and boiler; (48) any occupation in or associated with the operation of a power plant and boiler; (49) any occupation in or associated with the operation of a power plant and boiler; (50) any occupation in or associated with the operation of a power plant and boiler; (51) any occupation in or associated with the operation of a power plant and boiler; (52) any occupation in or associated with the operation of a power plant and boiler; (53) any occupation in or associated with the operation of a power plant and boiler; (54) any occupation in or associated with the operation of a power plant and boiler; (79) any occupation in or associated with the operation of a power plant and boiler; (80) any occupation in or associated with the operation of a power plant and boiler; (81) any occupation in or associated with the operation of a power plant and boiler; (82) any occupation in or associated with the operation of a power plant and boiler; (83) any occupation in or associated with the operation of a power plant and boiler; (84) any occupation in or associated with the operation of a power plant and boiler; (85) any occupation in or associated with the operation of a power plant and boiler; (86) any occupation in or associated with the operation of a power plant and boiler; (87) any occupation in or associated with the operation of a power plant and boiler; (88) any occupation in or associated with the operation of a power plant and boiler; (89) any occupation in or associated with the operation of a power plant and boiler; (90) any occupation in or associated with the operation of a power plant and boiler; (91) any occupation in or associated with the operation of a power plant and boiler; (92) any occupation in or associated with the operation of a power plant and boiler; (93) any occupation in or associated with the operation of a power plant and boiler; (94) any occupation in or associated with the operation of a power plant and boiler; (95) any occupation in or associated with the operation of a power plant and boiler; (96) any occupation in or associated with the operation of a power plant and boiler; (97) any occupation in or associated with the operation of a power plant and boiler; (98) any occupation in or associated with the operation of a power plant and boiler; (99) any occupation in or associated with the operation of a power plant and boiler; (100) any occupation in or associated with the operation of a power plant and boiler; (101) any occupation in or associated with the operation of a power plant and boiler; (102) any occupation in or associated with the operation of a power plant and boiler; (103) any occupation in or associated with the operation of a power plant and boiler; (104) any occupation in or associated with the operation of a power plant and boiler; (105) any occupation in or associated with the operation of a power plant and boiler; (106) any occupation in or associated with the operation of a power plant and boiler; (107) any occupation in or associated with the operation of a power plant and boiler; (108) any occupation in or associated with the operation of a power plant and boiler; (109) any occupation in or associated with the operation of a power plant and boiler; (110) any occupation in or associated with the operation of a power plant and boiler; (111) any occupation in or associated with the operation of a power plant and boiler; (112) any occupation in or associated with the operation of a power plant and boiler; (113) any occupation in or associated with the operation of a power plant and boiler; (114) any occupation in or associated with the operation of a power plant and boiler; (115) any occupation in or associated with the operation of a power plant and boiler; (116) any occupation in or associated with the operation of a power plant and boiler; (117) any occupation in or associated with the operation of a power plant and boiler; (118) any occupation in or associated with the operation of a power plant and boiler; (119) any occupation in or associated with the operation of a power plant and boiler; (120) any occupation in or associated with the operation of a power plant and boiler; (121) any occupation in or associated with the operation of a power plant and boiler; (122) any occupation in or associated with the operation of a power plant and boiler; (123) any occupation in or associated with the operation of a power plant and boiler; (124) any occupation in or associated with the operation of a power plant and boiler; (125) any occupation in or associated with the operation of a power plant and boiler; (126) any occupation in or associated with the operation of a power plant and boiler; (127) any occupation in or associated with the operation of a power plant and boiler; (128) any occupation in or associated with the operation of a power plant and boiler; (129) any occupation in or associated with the operation of a power plant and boiler; (130) any occupation in or associated with the operation of a power plant and boiler; (131) any occupation in or associated with the operation of a power plant and boiler; (132) any occupation in or associated with the operation of a power plant and boiler; (133) any occupation in or associated with the operation of a power plant and boiler; (134) any occupation in or associated with the operation of a power plant and boiler; (135) any occupation in or associated with the operation of a power plant and boiler; (136) any occupation in or associated with the operation of a power plant and boiler; (137) any occupation in or associated with the operation of a power plant and boiler; (138) any occupation in or associated with the operation of a power plant and boiler; (139) any occupation in or associated with the operation of a power plant and boiler; (140) any occupation in or associated with the operation of a power plant and boiler; (141) any occupation in or associated with the operation of a power plant and boiler; (142) any occupation in or associated with the operation of a power plant and boiler; (143) any occupation in or associated with the operation of a power plant and boiler; (144) any occupation in or associated with the operation of a power plant and boiler; (145) any occupation in or associated with the operation of a power plant and boiler; (146) any occupation in or associated with the operation of a power plant and boiler; (147) any occupation in or associated with the operation of a power plant and boiler; (148) any occupation in or associated with the operation of a power plant and boiler; (149) any occupation in or associated with the operation of a power plant and boiler; (150) any occupation in or associated with the operation of a power plant and boiler; (151) any occupation in or associated with the operation of a power plant and boiler; (152) any occupation in or associated with the operation of a power plant and boiler; (153) any occupation in or associated with the operation of a power plant and boiler; (154) any occupation in or associated with the operation of a power plant and boiler; (155) any occupation in or associated with the operation of a power plant and boiler; (156) any occupation in or associated with the operation of a power plant and boiler; (157) any occupation in or associated with the operation of a power plant and boiler; (158) any occupation in or associated with the operation of a power plant and boiler; (159) any occupation in or associated with the operation of a power plant and boiler; (160) any occupation in or associated with the operation of a power plant and boiler; (161) any occupation in or associated with the operation of a power plant and boiler; (162) any occupation in or associated with the operation of a power plant and boiler; (163) any occupation in or associated with the operation of a power plant and boiler; (164) any occupation in or associated with the operation of a power plant and boiler; (165) any occupation in or associated with the operation of a power plant and boiler; (166) any occupation in or associated with the operation of a power plant and boiler; (167) any occupation in or associated with the operation of a power plant and boiler; (168) any occupation in or associated with the operation of a power plant and boiler; (169) any occupation in or associated with the operation of a power plant and boiler; (170) any occupation in or associated with the operation of a power plant and boiler; (171) any occupation in or associated with the operation of a power plant and boiler; (172) any occupation in or associated with the operation of a power plant and boiler; (173) any occupation in or associated with the operation of a power plant and boiler; (174) any occupation in or associated with the operation of a power plant and boiler; (175) any occupation in or associated with the operation of a power plant and boiler; (176) any occupation in or associated with the operation of a power plant and boiler; (177) any occupation in or associated with the operation of a power plant and boiler; (178) any occupation in or associated with the operation of a power plant and boiler; (179) any occupation in or associated with the operation of a power plant and boiler; (180) any occupation in or associated with the operation of a power plant and boiler; (181) any occupation in or associated with the operation of a power plant and boiler; (182) any occupation in or associated with the operation of a power plant and boiler; (183) any occupation in or associated with the operation of a power plant and boiler; (184) any occupation in or associated with the operation of a power plant and boiler; (185) any occupation in or associated with the operation of a power plant and boiler; (186) any occupation in or associated with the operation of a power plant and boiler; (187) any occupation in or associated with the operation of a power plant and boiler; (188) any occupation in or associated with the operation of a power plant and boiler; (189) any occupation in or associated with the operation of a power plant and boiler; (190) any occupation in or associated with the operation of a power plant and boiler; (191) any occupation in or associated with the operation of a power plant and boiler; (192) any occupation in or associated with the operation of a power plant and boiler; (193) any occupation in or associated with the operation of a power plant and boiler; (194) any occupation in or associated with the operation of a power plant and boiler; (195) any occupation in or associated with the operation of a power plant and boiler; (196) any occupation in or associated with the operation of a power plant and boiler; (197) any occupation in or associated with the operation of a power plant and boiler; (198) any occupation in or associated with the operation of a power plant and boiler; (199) any occupation in or associated with the operation of a power plant and boiler; (200) any occupation in or associated with the operation of a power plant and boiler; (201) any occupation in or associated with the operation of a power plant and boiler; (202) any occupation in or associated with the operation of a power plant and boiler; (203) any occupation in or associated with the operation of a power plant and boiler; (204) any occupation in or associated with the operation of a power plant and boiler; (205) any occupation in or associated with the operation of a power plant and boiler; (206) any occupation in or associated with the operation of a power plant and boiler; (207) any occupation in or associated with the operation of a power plant and boiler; (208) any occupation in or associated with the operation of a power plant and boiler; (209) any occupation in or associated with the operation of a power plant and boiler; (210) any occupation in or associated with the operation of a power plant and boiler; (211) any occupation in or associated with the operation of a power plant and boiler; (212) any occupation in or associated with the operation of a power plant and boiler; (213) any occupation in or associated with the operation of a power plant and boiler; (214) any occupation in or associated with the operation of a power plant and boiler; (215) any occupation in or associated with the operation of a power plant and boiler; (216) any occupation in or associated with the operation of a power plant and boiler; (217) any occupation in or associated with the operation of a power plant and boiler; (218) any occupation in or associated with the operation of a power plant and boiler; (219) any occupation in or associated with the operation of a power plant and boiler; (220) any occupation in or associated with the operation of a power plant and boiler; (221) any occupation in or associated with the operation of a power plant and boiler; (222) any occupation in or associated with the operation of a power plant and boiler; (223) any occupation in or associated with the operation of a power plant and boiler; (224) any occupation in or associated with the operation of a power plant and boiler; (225) any occupation in or associated with the operation of a power plant and boiler; (226) any occupation in or associated with the operation of a power plant and boiler; (227) any occupation in or associated with the operation of a power plant and boiler; (228) any occupation in or associated with the operation of a power plant and boiler; (229) any occupation in or associated with the operation of a power plant and boiler; (230) any occupation in or associated with the operation of a power plant and boiler; (231) any occupation in or associated with the operation of a power plant and boiler; (232) any occupation in or associated with the operation of a power plant and boiler; (233) any occupation in or associated with the operation of a power plant and boiler; (234) any occupation in or associated with the operation of a power plant and boiler; (235) any occupation in or associated with the operation of a power plant and boiler; (236) any occupation in or associated with the operation of a power plant and boiler; (237) any occupation in or associated with the operation of a power plant and boiler; (238) any occupation in or associated with the operation of a power plant and boiler; (239) any occupation in or associated with the operation of a power plant and boiler; (240) any occupation in or associated with the operation of a power plant and boiler; (241) any occupation in or associated with the operation of a power plant and boiler; (242) any occupation in or associated with the operation of a power plant and boiler; (243) any occupation in or associated with the operation of a power plant and boiler; (244) any occupation in or associated with the operation of a power plant and boiler; (245) any occupation in or associated with the operation of a power plant and boiler; (246) any occupation in or associated with the operation of a power plant and boiler; (247) any occupation in or associated with the operation of a power plant and boiler; (248) any occupation in or associated with the operation of a power plant and boiler; (249) any occupation in or associated with the operation of a power plant and boiler; (250) any occupation in or associated with the operation of a power plant and boiler; (251) any occupation in or associated with the operation of a power plant and boiler; (252) any occupation in or associated with the operation of a power plant and boiler; (253) any occupation in or associated with the operation of a power plant and boiler; (254) any occupation in or associated with the operation of a power plant and boiler; (255) any occupation in or associated with the operation of a power plant and boiler; (256) any occupation in or associated with the operation of a power plant and boiler; (257) any occupation in or associated with the operation of a power plant and boiler; (258) any occupation in or associated with the operation of a power plant and boiler; (259) any occupation in or associated with the operation of a power plant and boiler; (260) any occupation in or associated with the operation of a power plant and boiler; (261) any occupation in or associated with the operation of a power plant and boiler; (262) any occupation in or associated with the operation of a power plant and boiler; (263) any occupation in or associated with the operation of a power plant and boiler; (264) any occupation in or associated with the operation of a power plant and boiler; (265) any occupation in or associated with the operation of a power plant and boiler; (266) any occupation in or associated with the operation of a power plant and boiler; (267) any occupation in or associated with the operation of a power plant and boiler; (268) any occupation in or associated with the operation of a power plant and boiler; (269) any occupation in or associated with the operation of a power plant and boiler; (270) any occupation in or associated with the operation of a power plant and boiler; (271) any occupation in or associated with the operation of a power plant and boiler; (272) any occupation in or associated with the operation of a power plant and boiler; (273) any occupation in or associated with the operation of a power plant and boiler; (274) any occupation in or associated with the operation of a power plant and boiler; (275) any occupation in or associated with the operation of a power plant and boiler; (276) any occupation in or associated with the operation of a power plant and boiler; (277) any occupation in or associated with the operation of a power plant and boiler; (278) any occupation in or associated with the operation of a power plant and boiler; (279) any occupation in or associated with the operation of a power plant and boiler; (280) any occupation in or associated with the operation of a power plant and boiler; (281) any occupation in or associated with the operation of a power plant and boiler; (282) any occupation in or associated with the operation of a power plant and boiler; (283) any occupation in or associated with the operation of a power plant and boiler; (284) any occupation in or associated with the operation of a power plant and boiler; (285) any occupation in or associated with the operation of a power plant and boiler; (286) any occupation in or associated with the operation of a power plant and boiler; (287) any occupation in or associated with the operation of a power plant and boiler; (288) any occupation in or associated with the operation of a power plant and boiler; (289) any occupation in or associated with the operation of a power plant and boiler; (290) any occupation in or associated with the operation of a power plant and boiler; (291) any occupation in or associated with the operation of a power plant and boiler; (292) any occupation in or associated with the operation of a power plant and boiler; (293) any occupation in or associated with the operation of a power plant and boiler; (294) any occupation in or associated with the operation of a power plant and boiler; (295) any occupation in or associated with the operation of a power plant and boiler; (296) any occupation in or associated with the operation of a power plant and boiler; (297) any occupation in or associated with the operation of a power plant and boiler; (298) any occupation in or associated with the operation of a power plant and boiler; (299) any occupation in or associated with the operation of a power plant and boiler; (300) any occupation in or associated with the operation of a power plant and boiler; (301) any occupation in or associated with the operation of a power plant and boiler; (302) any occupation in or associated with the operation of a power plant and boiler; (303) any occupation in or associated with the operation of a power plant and boiler; (304) any occupation in or associated with the operation of a power plant and boiler; (305) any occupation in or associated with the operation of a power plant and boiler; (306) any occupation in or associated with the operation of a power plant and boiler; (307) any occupation in or associated with the operation of a power plant and boiler; (308) any occupation in or associated with the operation of a power plant and boiler; (309) any occupation in or associated with the operation of a power plant and boiler; (310) any occupation in or associated with the operation of a power plant and boiler; (311) any occupation in or associated with the operation of a power plant and boiler; (312) any occupation in or associated with the operation of a power plant and boiler; (313) any occupation in or associated with the operation of a power plant and boiler; (314) any occupation in or associated with the operation of a power plant and boiler; (315) any occupation in or associated with the operation of a power plant and boiler; (316) any occupation in or associated with the operation of a power plant and boiler; (317) any occupation in or associated with the operation of a power plant and boiler; (318) any occupation in or associated with the operation of a power plant and boiler; (319) any occupation in or associated with the operation of a power plant and boiler; (320) any occupation in or associated with the operation of a power plant and boiler; (321) any occupation in or associated with the operation of a power plant and boiler; (322) any occupation in or associated with the operation of a power plant and boiler; (323) any occupation in or associated with the operation of a power plant and boiler; (324) any occupation in or associated with the operation of a power plant and boiler; (325) any occupation in or associated with the operation of a power plant and boiler; (326) any occupation in or associated with the operation of a power plant and boiler; (327) any occupation in or associated with the operation of a power plant and boiler; (328) any occupation in or associated with the operation of a power plant and boiler; (329) any occupation in or associated with the operation of a power plant and boiler; (330) any occupation in or associated with the operation of a power plant and boiler; (331) any occupation in or associated with the operation of a power plant and boiler; (332) any occupation in or associated with the operation of a power plant and boiler; (333) any occupation in or associated with the operation of a power plant and boiler; (334) any occupation in or associated with the operation of a power plant and boiler; (335) any occupation in or associated with the operation of a power plant and boiler; (336) any occupation in or associated with the operation of a power plant and boiler; (337) any occupation in or associated with the operation of a power plant and boiler; (338) any occupation in or associated with the operation of a power plant and boiler; (339) any occupation in or associated with the operation of a power plant and boiler; (340) any occupation in or associated with the operation of a power plant and boiler; (341) any occupation in or associated with the operation of a power plant and boiler; (342) any occupation in or associated with the operation of a power plant and boiler; (343) any occupation in or associated with the operation of a power plant and boiler; (344) any occupation in or associated with the operation of a power plant and boiler; (345) any occupation in or associated with the operation of a power plant and boiler; (346) any occupation in or associated with the operation of a power plant and boiler; (347) any occupation in or associated with the operation of a power plant and boiler; (348) any occupation in or associated with the operation of a power plant and boiler; (349) any occupation in or associated with the operation of a power plant and boiler; (350) any occupation in or associated with the operation of a power plant and boiler; (351) any occupation in or associated with the operation of a power plant and boiler; (352) any occupation in or associated with the operation of a power plant and boiler; (353) any occupation in or associated with the operation of a power plant and boiler; (354) any occupation in or associated with the operation of a power plant and boiler; (355) any occupation in or associated with the operation of a power plant and boiler; (356) any occupation in or associated with the operation of a power plant and boiler; (357) any occupation in or associated with the operation of a power plant and boiler; (358) any occupation in or associated with the operation of a power plant and boiler; (359) any occupation in or associated with the operation of a power plant and boiler; (360) any occupation in or associated with the operation of a power plant and boiler; (361) any occupation in or associated with the operation of a power plant and boiler; (362) any occupation in or associated with the operation of a power plant and boiler; (363) any occupation in or associated with the operation of a power plant and boiler; (364) any occupation in or associated with the operation of a power plant and boiler; (365) any occupation in or associated with the operation of a power plant and boiler; (366) any occupation in or associated with the operation of a power plant and boiler; (367) any occupation in or associated with the operation of a power plant and boiler; (368) any occupation in or associated with the operation of a power plant and boiler; (369) any occupation in or associated with the operation of a power plant and boiler
